## SKYWARN Storm Spotter Training

Wednesday, April 24, 2013

1:30-4:00 p.m.

UNIVERSITY OF HOUSTON

Science and Engineering Classroom Building (SEC),  
Classroom 204

SKYWARN Storm Spotters are a group of trained volunteers that watch the skies during severe weather and relay reports back to the National Weather Service (NWS).

Join us at the **SKYWARN Storm Spotter Training** to for this important training from the National Weather Service Houston/Galveston Weather Forecast Office.

In this training, you will learn:

- Basic Thunderstorm Development
- How to Spot Severe Weather
- What to Report
- How to Report Severe Weather to the National Weather Service (NWS)
- Basic Severe Weather Safety

The NWS depends on accurate severe weather reports from trained SKYWARN Storm Spotters in order to issue accurate weather warnings in the local area.

**Training is FREE and open to the public**

**No Experience Necessary**

**In order to register, contact:**

Kelly Boysen

Emergency Management Specialist

Office: [713.743.2841](tel:713.743.2841)

E-mail: [krboysen@central.uh.edu](mailto:krboysen@central.uh.edu)

**\*\*For law enforcement, two (2) hours of TCLEOSE credit is available with this training**
